Thank you for your interest in the Palmdale High-Speed Rail Station Area Plan project. We welcome your comments.

The SAP and Palmdale community needs their own High Speed Internet backbone, fiber lines radiating outward. Planning for this is essential for our 21st Century community. Do not rely on Verizon, AT&T & T to do it for you.

WRITTEN COMMENTS: Comments may also be mailed to: Mike Behen, Transportation/GIS Manager, City of Palmdale, 38250 Sierra Highway, Palmdale, CA 93550 or emailed to mbehen@cityofpalmdale.org

Thank you for your interest in the Palmdale High-Speed Rail Station Area Plan project. We welcome your comments.

- Palmdale means to me = community
- what post impact study of a city bus size shuttle. Did city & highway volume traffic decrease? If so by how much? Did crime increase?
- Station crime = what kind of security will be put into place?
- How much will it cost to use the rail. If expensive most will not be able to afford to ride.
- How many jobs will rail bring to Palmdale?

WRITTEN COMMENTS: Comments may also be mailed to: Mike Behen, Transportation/GIS Manager, City of Palmdale, 38250 Sierra Highway, Palmdale, CA 93550 or emailed to mbehen@cityofpalmdale.org

Similar character as in Metrolink Station close to Acton is what ideally is desired.

Address: Palmdale 93551

I'm excited about the potential economic benefit HSR could bring. I spend a lot of time going down below 210 and dread the traffic. It would be great to be able to get around SoCal faster. I live and work in Palmdale.

I moved to Palmdale when I got a job here. I love living up here. However, if I were to get a job elsewhere I would likely to move as I wouldn't want to spend numerous hours sitting on the freeway. With HSR, there'd be greater possibilities of staying put as a resident and being able to commute by rail.

Also, I'd like to see more recreational and entertainment opportunities up here. Weekends here can be kind of boring up here. At the same point in time, please preserve the wide open natural spaces outside the city center - we have some beautiful scenery up here.

Thank you for your interest in the Palmdale High-Speed Rail Station Area Plan project. We welcome your comments.

Truly, truly, truly appreciate the community involvement. Mr. Chester Britt was very helpful about listening and responding to our personal concerns while helping us further understand the beauty & visuals for the project's future. The visualizations/participation opportunities in this meeting helped the ideas appear more tangible/easier to imagine.

I hope the joint involvement of city & community allows us to develop the culture & environment we share as we establish what Palmdale means to the rest of the world when the HSR is produced.
