MEETING AND PROJECT OVERVIEW

1

Provide Information

Experts will be able to provide information. We are at the beginning and want your feedback

2

Receive Feedback

Input from you is critical for the success of the project. We cannot do this project successfully without you.

3

Open House Meeting

We will provide a brief overview with one-on-one interaction between you and the technical experts.

Purpose of the Study

Vision Statement

The Palmdale HSR Station Area Plan will be a 21st Century gateway, bringing together citizens from Palmdale, the region and the state, celebrating the union of transportation, community, and the environment. It will be a vibrant mixed-use center that stands emblematic for the sustainable economic and social development of the area and be a symbol for the vision of a better Palmdale.
