PALMDALE - Rancho Vista Boulevard Widening Gap Closure project (Capital Improvement Project No. 709) will widen two segments of Rancho Vista Boulevard to eliminate gaps in the roadway at two locations: 1) 1 ½ mile long east-west alignment located between 15th Street West and 30th Street West; and 2) ½ mile long north-south alignment located between Avenue N-8 and Avenue N (this ½ mile segment becomes 50th Street West).

Construction is anticipated to begin in early September 2019 and is expected to continue through July 2020. The project was awarded to R.C. Becker & Son, Inc., of Santa Clarita on June 4, 2019.

The project will include roadway widening, construction of new curb, gutter and sidewalk, a five-foot wide Class III bicycle route in each direction, landscaped raised medians between 27th Street West and Dunbar Street, minor drainage improvements, curb ramp modifications to meet current ADA standards, installation of new LED street lights, modification of existing traffic signals, relocation of existing fiber optic conduits, roadway cold mill and overlay, signing & striping, and other miscellaneous improvements.

During the course of construction, delays along Rancho Vista Blvd. will occur from September 2019 through July 2020, and various forms of traffic control from single lane closures to closures at intersections will be in force.

The construction cost of the project is $7,053,968.85 and is funded from the Los Angeles County Metropolitan Transit Authority (Metro) and City of Palmdale local funds.

For any questions regarding the construction of the project, please contact R.C. Becker & Son, at 661-259-4845
