A. PURPOSE AND INTENT

The purpose of this sign criteria is to ensure that the signage at Rancho Vista Gateway reflects the integrity and overall aesthetic values of the Landlord and the city of Palmdale. Conformity with this criteria will be strictly enforced, and any non-conforming signs will be removed by the Landlord at the expense of the Tenant.

Existing tenant wall signs that comply with the sign code of the city of Palmdale shall be permitted to be re-installed as-is after the remodel until a new tenant occupies any given space. Future tenant signs must comply with this program.

It is the intent that any new signage within Rancho Vista Gateway that is not specifically addressed by this Program shall require modification of this Program to include such signage.

B. GENERAL LANDLORD/TENANT REQUIREMENTS

1. Prior to manufacture of any sign in the Project, the Tenant shall submit to Landlord for written approval, three (3) sets of detailed, scaled drawings, in full color. These drawings shall include: scaled drawings of the building elevation(s) to which the sign(s) are to be attached with the sign(s) placed on the building, leasehold location and size, and proposed sign specifications including exact sign dimensions, area, materials, and colors. A section detail must also be included in the submitted drawings clearly illustrating sign construction, illumination, wiring, and quantity and types of fasteners. Proposed drawings must clearly illustrate compliance of the proposed sign(s) with this Sign Program, the City of Palmdale sign code, and the requirements of any other governmental agency having jurisdiction over this project.

2. All signs shall be reviewed by the Landlord for conformance with this criteria, overall design quality, and compatibility with the intended aesthetic character of this project. Approval or disapproval of sign submittals based on aesthetics of design shall remain the sole right of the Landlord and City.

3. Tenant must obtain written approval from the Landlord (and any other relevant agencies) of all proposed signs prior to submitting sign drawings to the City of Palmdale for the purpose of obtaining a sign permit.

4. Prior to the install and manufacture of any sign, the Tenant shall obtain a sign permit from the City of Palmdale and provide Landlord with a copy of this sign permit.

5. Signs built and/or installed without permits and approval by Landlord, governmental agencies having jurisdiction over this project (or others having rights of approval of such signs), or contrary to corrections made by Landlord or such governmental agencies, shall be altered to conform to such standards at Tenant's sole cost and expense. If Tenant's sign has not been brought into conformance within fifteen (15) days after written notice from Landlord, Landlord shall have the right to correct said sign at the sole cost and expense of Tenant, and to include such expense as rent due under this lease.

6. The Tenant shall pay for all signs, related materials, permits and installation fees (including final inspection costs). It is the responsibility of the Tenant's sign company to verify all conduit and transformer locations and service access prior to fabrication.

7. In the event a Tenant vacates his premises, it is his responsibility to patch all holes and paint surface(s) to match existing color of fascia. In addition, the Tenant shall provide a blank panel for any freestanding sign he occupies.

8. A Tenant sign(s) shall be installed not later than thirty (30) days after Tenant's store opens for business, and only after City permits are secured.

9. Landlord reserves the right to periodically hire an independent electrical engineer, at Tenant's sole expense, to inspect the installation of all Tenant's signs. Tenants will be required to have any discrepancies and/or code violations corrected at Tenant's expense. Any code violations, requests for sign removals, or discrepancies not corrected within fifteen (15) days of notice, may be corrected by the Landlord at Tenant's expense.

10. Damaged portions of any sign(s) shall be repaired or replaced within three (3) business days. In the event Tenant shall be unable to effect such repair or replacement within said period for any reason (other than financial inability) beyond Tenant's control, Tenant shall notify Landlord and provide to Landlord a plan of action to be taken to ensure that such repair or replacement shall be continuously pursued with due diligence until completed.

11. A single-tenant monument sign (MS) may be substituted for either an M1 or M2 multi-tenant monument sign at any time with agreement of Landlord and all Tenants involved.
C. GENERAL SPECIFICATIONS

1. Sign sizes shall not exceed the general sizes outlined. Landlord has the final discretion when reviewing the proposed signage and reserves the right to not allow signage, even if it meets the criteria herein.

2. Signs shall be fabricated per the specifications shown.

3. All signs and their installation shall comply with all local building and electrical codes.

4. All electrical signs will be fabricated according to U.L. specifications.

5. Sign company to be fully licensed with the State and shall have full workmen's compensation and general liability insurance.

6. All penetrations of exterior fascia are to be sealed watertight (color and finish to match existing building exterior). No roof penetrations shall be made without Landlord's prior written consent.

7. Tenant, at Tenant's expense, shall immediately repair any damage caused by Tenant's sign contractor which has occurred to the premises during the course of installation of Tenant's sign(s).

8. All conduits, transformers, junction boxes and openings in building surfaces shall be concealed. No exposed neon or raceways shall be permitted. Any necessary exposed hardware must specifically be approved by Landlord and City regulatory departments prior to installation and must be finished in a manner consistent with quality fabrication practices.

9. Signs shall be placed in locations as shown on elevations with Landlord approval.

10. All signs shall have its sign permit number, name of fabricator, date of installation and voltage in a visible location.
D. PROHIBITED SIGNS

Prohibited Signs:

1. Permanent advertising devices such as attraction boards, posters, balloons, pennants, banners, and flags. Temporary signage requires advanced express written Landlord approval prior to installation and any required City approval.

2. Flashing, animated, audible, revolving or other signs that create the illusion of animation are not permitted.

3. Signs Constituting a Traffic Hazard. No person shall install or maintain, or cause to be installed or maintained, any sign which simulates or imitates in size, color, lettering or design any traffic sign or signal, or which makes use of the words "STOP", "LOOK", "DANGER" or any other words, phrases, symbols or characters in such a manner as to interfere with, mislead, or confuse traffic.

4. Signs in Proximity to Utility Lines. Signs which have less horizontal or vertical clearance from authorized communication or energized electrical power lines than are prescribed by the Laws of the State of California are prohibited.

5. Signs within the public right-of-way except those protected by "Grandfather" rights or those required by law for traffic control, information and hazard identification.

6. Any sign erected or attached to any tree, utility pole, or traffic control pole or box within any public right-of-way with the exception for City identification signs.

7. Any sign or sign structure which is structurally unsafe or constitutes a hazard to the health, safety, or welfare of persons by reason of design, inadequate maintenance, or dilapidation.

8. Any advertising device involving animals and human beings.

9. Signage painted directly on wall.

10. Vehicle Signs. Signs on or affixed to trucks, automobiles, trailers, or other vehicles which advertise, identify, or provide direction to a use or activity not related to its lawful activity are prohibited.

11. Light Bulb Strings. External displays, other than temporary decorative holiday lighting which consists of unshielded light bulbs are prohibited. An exception herein may be granted by the Landlord when the display is an integral part of the design character of the activity to which it relates.

12. Signs not deemed architecturally compatible with the entire project per the approval of Landlord and all applicable City Departments.

13. Any additional signs strictly prohibited by the sign code of the City of Palmdale.

14. Cabinet or "con" type signs that are square or rectangular in shape, unless that shape is part of a nationally recognized trademark logo and is used in conjunction with individual channel letters.

15. Signage awnings are not allowed.
Each tenant in Shops A shall be allowed 1 'WS' sign per elevation.

MONUMENT SIGN - DESIGN 1

Quantity: 2.

Area: Maximum 50 square feet.

Height: Maximum 5 feet high, with 25% allowance above this maximum for decorative top that lies in with architecture used in project.

Construction: Fabricated aluminum monument with smooth and textured paint finishes to lie in with building finishes.

Tenant Panels: Two-inch deep reverse pan tenant panels with smooth enamel paint finish and routed faces. Copy to be 1/8" thick white push-thru acrylic. Font to be Gill Sans MT Condensed (Bold) by default. However, tenants that are part of a national or large regional chain which uses a standard logotype may use that font as well as translucent vinyl overlay in their standard colors on the face of the push-thru acrylic, with Landlord approval.

Installation: Set back a minimum of 10 feet from property line.

Illumination: Internal fluorescent lamps or L.E.D.s.

PROJECT COLORS (SUBJECT TO CHANGE):
- Building Field Color
- Building Tower Color
- Building Tower Color
- Building Tower Color
- Building Base And Canopy Color (Dark)
- Building Canopy Color (Light)

NOTE: Colors shown are approximate. Color names to be provided by architect prior to sign manufacturing.
