THE VILLAGE PLAZA SHOPPING CENTER
PALMDALE, CALIFORNIA

SIGN CRITERIA

POLICY

The purpose of this policy is to create the framework for a comprehensive but balanced system of graphics within the Shopping Center, insuring maximum tenant identification within an overall harmony of design. Not only must all tenant signs conform to this design balance, but they must compliment the architectural design of the Shopping Center as well. The achievement of this goal results in an attractive and pleasurable shopping environment. To insure that this goal is realized, any installed nonconforming or unapproved signs shall be made to conform at the expense of the tenant.

GENERAL

1) Installation and Governmental Approvals
The Tenant shall pay for all signs, their installation and maintenance. Included is tenant's responsibility and expense for obtaining all necessary permits and approvals from local governmental agencies. Where local code is more restrictive than these criteria, local code shall govern.

2) Sign Type 1
Tenant shall be required to install one (1) lighted sign comprised of individual letters or graphics, not to exceed 5" deep. Faces shall be of 1/8" thick plastic and sidewalks shall be of anodized bronze metal. Metal retainers, if used, shall match the sidewalks. Plastic shall be Rohm and Hass Plexiglass or approved equal. All letters and graphics shall be mounted on a half-raceway with an internal transformer. (No more than two penetrations of the building siding shall be permitted.) The half-raceway shall be painted gray to match the siding. PK housing units shall be used to affix the letters to the half-raceway. Maximum letter height shall be twenty-four inches (24") in height, without prior written consent of Landlord. Signs shall be centered on all canopy facias. The sign width shall not exceed 75% of the building lease space and shall end at least two feet (2') before the demising wall (extension) line. See Comment No. A-39 (Big Signs to Comply with City Ordinance of Existing Ordinance)

3) Sign Type 2
Tenant shall be required to install one (1) hanging carved wood sign. Signs shall be redwood sandblasted and stained, with raised painted letters. Signs shall be chain mounted using 3/8" proof coil chain and 3/8" eye bolts, and shall be fabricated from 3" (thick) stock. Bottom of sign shall be at least 8' above floor level. Maximum sign area shall be five (5) square feet. Letter style is open, and graphics and logos are encouraged. All Tenants are required to have one sign of this type.

4) Sign Type 3
Where applicable, Tenant may identify the rear service for delivery and emergency purposes only. The sign shall be 8 inches high by 18 inches long sheet metal plaque affixed to the rear door with a minimum of 4 self-tapping sheet metal screws. Plaque shall be painted to match building. Letters may be 4 inches high block (block print).

5) **Design**
All sign design, color layout, graphics, locations and size shall first be submitted to Landlord for approval prior to fabrication. Required are two (2) copies of the detailed drawings covering the proposed sign and letters, along with color selection.

6) **Prohibited Signs**
Flashing, moving or animated signs will not be permitted. Sign cabinets or exposed conduit is prohibited on the exterior face of the sign or building. A further restriction would be exposed neon or exposed raceways.

7) **No Devices**
Attention-getting devices such as search lights, pennants, banners, spinners, streamers, balloons and other similar devices used to attract attention are prohibited. Special events, promotion and advertising would qualify as an exception on a one-time basis, but only upon approval by Landlord.

8) **Quality Workmanship**
All work must be of good quality. Landlord reserves the right to reject any work judged below standard.

**CONSTRUCTION AND INSTALLATION REQUIREMENTS**

1) All signs shall be constructed and installed by contractors qualified to fabricate and install commercial signs. Installation shall be Landlord’s approved construction drawings and specifications, including all connections.

2) All exterior sign materials, bolts, fastenings and clips of all types shall be hot dipped galvanized iron, stainless steel, aluminum or brass, and primed and painted to match trim color.

3) Location of all openings for conduit in sign panels or building walls to be approved by Landlord.

**MAINTENANCE**

The Tenant shall be required to maintain signs in a neat and attractive condition. The sign and supports must be kept painted to insure this appearance and to prevent rust, rot or deterioration.

**REMOVAL**
Within ten (10) days following termination of a business, Tenant shall have the sign removed. Failure to do so will result in Landlord removing sign at Tenant's expense and Tenant forfeiting all further right and interest in sign(s).

**WINDOW SIGNS**
Window signs are prohibited without the consent of Landlord and the City of Palmdale.
