PARKS & RECREATION

I understand that the City will take precautionary health and safety measures and comply with all required directives from public health officials. However, an inherent risk of exposure to COVID-19 currently exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. According to the CDC, senior citizens and individuals with underlying medical conditions are especially vulnerable. By participating in the City's program I voluntarily assume all risks, and agree to hold the City harmless from any damages, related to exposure to COVID-19.
